About RNS FIRST GRADE COLLEGE

We introduce ourselves as RNS First Grade College (A Unit of RN Shetty Trust) Affiliated to Bangalore University, recognised by the Government of Karnataka and accredited by NAAC with 'A' Grade), with its inception in the year 2012, We offer courses at the undergraduate level in three areas (Bachelor of Business Administration, Bachelor of Commerce and Bachelor of Computer Application) and PG - Master of Business Administration RNS First Grade College is in the forefront imparting high quality education and is also one of the top colleges in the state of Karnataka.

About RNS FGC MBA

The Department of MBA was started in the year 2023. Our distinguished Master of Business Administration (MBA) programme strives to empower aspiring leaders with the knowledge, skills, and network needed to excel in the ever-evolving world of business.

With a commitment to academic excellence, real-world application, and personal growth, our MBA program is designed to unlock your full potential and position you for success in the global business landscape. State of the art infrastructure, dedicated and qualified staff, highly conducive environment for teaching-learning process and a lush green campus are the hallmarks of this professionally managed institution.

The institute is affiliated to Bangalore University (BU), Bangalore, approved by All India Council for Technical Education (AICTE), New Delhi and Accredited with 'A' grade by National Assessment and Accreditation Council (NAAC).

About MSME- TECHNOLOGY CENTRE, BENGALURU

The Government of India in its endeavor to provide right stimulus for the growth of industry in the country - particularly with an objective of helping MSME's, has established MSME Technology Centre, Bengaluru under TCSP (Technology Centre System Program). The mission of TCSP is to improve the competitiveness of Micro, Small, and Medium Enterprises (MSMEs) in key manufacturing industries across India - with a strong emphasis on Low Income States. TCS provide an integrated suite of services to MSME, ranging from technical management advisory to technical training of workers. Moreover, TCS extend their expertise to provide training programs and consultancy services across technical and non-technical domains to the industry particularly MSMEs.

About FACULTY DEVELOPMENT PROGRAM

This 5 - day activity is aimed at capacity building of MSMEs/ professionals/ Faculties through inputs on management practices system to improve their decision-making capabilities resulting in higher productivity and profitability of existing and potential entrepreneurs and developing new enterprises. Inputs on a variety of topics of managerial functions will be provided to the participants by experts, which aim at the dissemination of knowledge of scientific/ modern management techniques/ practices. The intake capacity for the program will be 25-30 participants having 3 Sessions per day (90 Min per Session).

About QUALITY MANAGEMENT

A Quality Management Course is integral to faculty development program as it equips educators with the skills to enhance academic processes and ensure the delivery of high quality education. Faculty trained in quality management principles can implement efficient systems, assess and improve curriculum, and foster a culture of continuous improvement. This not only elevates the overall academic experience but also contributes to institutional excellence, student satisfaction, and competitiveness. The course empowers faculty members to align their teaching methods with industry standards, adapt to evolving educational paradigms, and ultimately cultivate a learning environment that prepares students for success in a dynamic and competitive world.
